**UPDATE ON IMPACT OF BUSINESS AMID COVID-19 OUTBREAK**

---

The Board of Directors (the “Board”) of Dynamic Colours Limited (the “Company”) wishes to announce that the Company has a wholly-owned subsidiary, Huiye Polymer (M) Sdn. Bhd.(“HPM”), which currently operates production plants for two business segments, namely the resin compounding (“RC”) and polyethene packaging (“PP”).

Unless otherwise defined or the context otherwise requires, all capitalised terms shall bear the same meanings as ascribed to them in this announcement.

In the wake of the Covid-19 outbreak and its escalation into a pandemic situation, the Malaysian Government has recently announced to implement a Movement Control Order nationwide from 18 to 31 March 2020. This will adversely affect our production and delivery plans at HPM during the period.

The Company will inform its customers about feasible remedies and timing to resume the performance of our obligations once this Force Majeure event ceases.

The Board will continue to monitor the situation closely and the Company will make such announcement(s) to update its stakeholders on any developments that may impact its business in due course.

On behalf of the Board

Goh Seok Eng  
Executive Chairman
